Galgotias University Provides Platform For Young Researchers To Shine

Chancellor of Galgotias university facilitates memento to the Dinesh Sharma former deputy chief minister

This event is about to give a platform for students to present their innovation research projects and foster meaningful academic discussions. More than 40 universities have come forward to participate with 700+ students in the event. On November 26 and 27, 2024; Galgotias University hosted this event to highlight the innovative research conducted by students and foster connections within the academic community. Galgotias University has been focusing on promoting innovation and research among its students, and its participation in Anveshan 2024 is a testament to this commitment. The university has established various initiatives to support student research and innovation, including funding for research projects and mentorship programs. The convention was

held in collaboration with Sharda University, Greater Noida, Uttar Pradesh, from January 19-20, 2024. Students from Galgotias University participated in the Anveshan 2023-24 research and innovation competition. The event provided a platform for students to showcase their research projects and innovative ideas. Anveshan is a student research convention organized by the Association of Indian Universities (AIU) to promote research and innovation among university students. It aims to foster a research culture, provide a platform for students to showcase their projects, and encourage collaboration among students from different universities, disciplines, and countries. Key features of Anveshan include a research competition, an innovation

exhibition, guest lectures, workshops, and training sessions on research methodology, innovation, and entrepreneurship. Participants receive recognition for their research work, networking opportunities, career opportunities, and personal growth. The convention is open to university students from all disciplines and countries, and participants can participate individually or in teams. To participate, students must register online through the Anveshan website. Anveshan's impact includes promoting research culture, fostering innovation, and building networks among participants, experts, and researchers, promoting cross-cultural learning and exchange. Galgotias University's Anveshan event offers various conveniences for participants. Participants can

register online, receive a detailed event schedule, receive a welcome kit with event materials, and enjoy food and beverages throughout the event. Networking opportunities are available, and one-on-one mentorship sessions are available. Research and innovation-related conveniences include research paper presentations, poster exhibitions, and innovation exhibitions. Post-event, participants receive a certificate of participation, share event photos and videos on social media and the university website, and attend follow-up sessions for further guidance and support. Anveshan is an event that encourages research and innovation by encouraging students to think creatively and develop innovative solutions

to real-world problems. It helps students develop critical thinking, problem-solving, and communication skills. Participation builds

confidence in students, faculty members benefit from learning new research methods, and industry professionals gain access to talent and networking

opportunities. Anveshan also promotes innovation and entrepreneurship, fostering collaboration between academia, industry, and government. The long-term impact is to develop a culture of innovation, encourage entrepreneurship, and drive innovation and economic growth. Mentorship opportunities allow faculty members to mentor students and guide their research projects. Industry professionals gain access to talent and networking opportunities, potentially leading to joint research projects or innovation initiatives. Galgotias University hosted the successful Anveshan

event, promoting research and innovation among students. The event brought together participants from various disciplines to showcase their projects and innovative ideas. The university's commitment to fostering a culture of research and innovation demonstrates its ability to bring together students, faculty, and industry experts for collaboration and knowledge sharing. The event's success is expected to positively impact students, faculty, and the wider community, and Galgotias University is looking forward to building on its success in the future.

BHARAT SHIKSHA EXPO 2024 CONFERENCE AND EXHIBITION: REINSTATING INDIA AS VISHWA GURU

The exhibition at Bharat Shiksha is on a mission to restore India's position as Vishwa Guru, as the global pioneer in Education. The exhibition was held from 11th November to 13th November at Knowledge Park-2, Expo Centre and Mart and it was scheduled from 10am to 6pm. This event is a gateway for our youths, and it serves as the gateway to a realm of educational possibilities in India. It helps to shape and mold the future generation of our country. Many renowned universities have participated in this event like GJ Bajaj, Shar-

da University, Galgotias University, IIMT and many more. This educational expo aims to showcase cutting-edge innovations in different sectors of learning. The Bharat Shiksha Expo 2024 was a fantastic event that encourages students from different universities to participate in various ways. The event was exciting because it fostered student curiosity and innovations. It gives the platform to the students to enhance their talent at a global level. The expo featured various segments, including a knowledge Hub where experts discussed the modern or latest

trends and challenges in the field of education. At the inaugural at Bharat Shiksha Expo 2024, Galgotias University, a platinum partner of the event and it also showcased its commitment to the academic excellence and innovation field. The UP-Education Minister, Yogendra Upadhyay, was the chief guest at the Expo and took a special interest in Galgotias University's initiatives. During his visit to the stall, he had the unique opportunity to experience a ride in the

electric solar bus, which was crafted by the university's B-tech students. The solar bus is part of the University's commitment that it promotes sustainability and innovation in student-led projects. One of the key highlights of the University's initiatives is its active learning ecosystem, where innovative strategies are integrated with traditional teaching methods. Students are not only encouraged to think critically, but also engage in the real-world projects that

Active participation of the educators and students during the event

With a focus on holistic development, it fosters an environment that nurtures students' creativity and entrepreneurial spirit.

Additionally, the expo is full of motivation spirit and saw participation from various educational institutions and organization from across

India, including universities, colleges, schools, and educational technology companies. These institutions showcased their innovative

approaches to education, shared best practices, and networked with other educators and industry leaders.

Active Learning Ecosystem

Galgotias University Revolutionizes Education with Active Learning Space

Galgotias University has inaugurated its state-of-the-art Active Learning Space building, marking a significant milestone in its mission to redefine the academic experience. The university hosted an international conference on 'Reshaping Teaching and Learning Paradigms,' bringing together esteemed scholars, educators, and leaders from global institutions, including Nanyang Technological University (Singapore), QS Quacquarelli Symonds, and Times Higher Education (THE) Galgotias

University also inaugurated India's first active learning building, featuring learning spaces designed to foster collaborative learning, critical thinking, and idea exchange. The event showcased India's rich cultural diversity, featuring folk dances, art forms, and traditions from across the country.
